Comprehensive examination	
<b>Semester units:</b>	<b>8</b>

**Total program units: 40**

During MRED Orientation, a Finance Proficiency Exam will be administered and must be passed before students can enroll in RED 542. The exam includes problems requiring the use of Excel to compute the time value of money, internal rates of return, net present value, and mortgage balances. Students who do not pass the quiz will enroll in RED 541 Finance Fundamentals as a prerequisite for RED 542 and apply this course toward MRED elective requirements.

Students with prior academic training in core course areas may petition for class waiver. The instructor's consent is required. Students receiving such waiver will receive subject credit and must satisfy unit requirements by the completion of additional electives.
